What our graduates have to say

"I did my co-operative education with McKeogh Gallagher Ryan. I returned as an audit & accounting trainee once I finished in the University of Limerick. I am delighted to be back. The people are so friendly and willing to help. I have a lot of interaction with colleagues across all departments and I am enjoying the trust placed in me in dealing with work and clients. The work is very varied and the client base is wide – I am getting great experience and enjoying applying what I learned in college and during my co-operative education."

CM

"I am with McKeogh Gallagher Ryan two years now. I am working in the Tax Department. I chose to join McKeogh Gallagher Ryan because they have one of the largest tax departments in the Midwest. I was very impressed with the people I met during the recruitment process. I could see the firm was progressive and had a nice open culture. I haven't been disappointed. I have really enjoyed the opportunity to work on all areas of tax, both in compliance and consulting."
